

samcom cp-300 poc handheld terminal

For ultra long range or management communications such as transportation and logistics, multi-site work, public safety, motorsport rescue, emergency situation command, security, festivals and events, cycle races and private ambulance.

Main Features

- IP55 rating dust and splash protection
- Robust, rugged and heavy-duty design
- GSM 900/1800MHz, WCDMA 900/2100MHz
- Crisp, clear and high quality sound
- 2800mAh high capacity Li-ion battery pack
- Voice annunciation
- Low battery alert
- Group call and private call
- Contact list
- Time-out timer
- GPS as standard

Durable and Water-resistant

With a polycarbonate housing and aluminium die-cast chassis, the CP-300 is built for greater protection, it offers reliable performance in severe weather and in the harshest environments.

Easy-To-Use

Thanks to the tough and textured buttons, chunky rotary channel, volume knob and tri-colour status LED. The CP-300 can be used when wearing gloves with ease.

Crisp and High Quality Sound

1000mW audio power output and unique audio box structure design allow the CP-300 to provide clear crystal audio, it is equipped with a large 40mm speaker offering full range audio output, while tailored response characteristics provide optimum clarity even in noisy environments.

Compatible Accessories

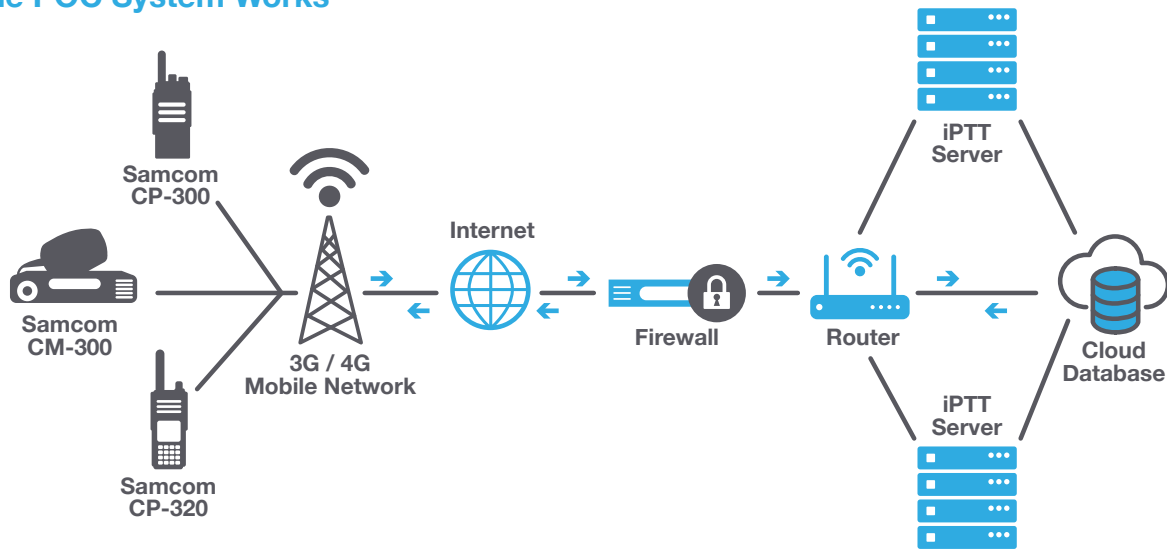

Compatible with existing K-1 two pin fitment accessories. Contact us for details of our full range of accessories.

How The POC System Works

Specifications

Public Network System GSM/WCDMA

Frequency Range GSM: 900/1800MHz, WCDMA: 900/2100MHz

Battery Type Lithium-ion, 2800mAh

Power Voltage Range 7.4V DC \pm 20%

Temperature Range -20°C ~ +55°C

Weight 250g with antenna and battery

Dimensions (H×W×D) 134×57×35mm

antenna

battery pack

charger

ac adapter

belt clip
